Deep cleaning: standard checklist

DONE RIGHT, EVERY TIME

Latest update: 04.11.2026

For a home in use, with furniture and belongings. It is similar to our move-out list, but the home is not emptied and no landlord has to approve it.

Before we start: what you prepare

- [ ] Surfaces and floors are cleared so we can reach them. The fewer things to move, the more time goes into the actual cleaning.
- [ ] Cupboards and drawers are emptied if they are to be cleaned inside. We do not unpack and repack unless it is agreed as an add-on.
- [ ] The fridge and freezer are emptied and switched off in advance if they are to be cleaned inside, so the freezer is defrosted when we arrive.
- [ ] A freestanding cooker, oven and fridge must be possible to pull forward, with clear space around them.
- [ ] All rooms are accessible, and water and electricity are available on the day.

Included: all rooms

- [ ] Wiping of reachable surfaces, cupboard fronts, window sills, skirting boards, trims, door frames and handles.
- [ ] The tops of cupboards, doors and door frames wiped where reachable.
- [ ] Light switches and sockets wiped on the surface. Radiators and pipes wiped where reachable.
- [ ] Cobwebs and dust removed from accessible surfaces and high edges.
- [ ] Behind and under furniture where it can be moved.
- [ ] Vacuuming throughout, and mopping suited to the floor type. Laminate and wood floors are damp mopped only, never wet.
- [ ] Blinds, pleated blinds and roller blinds are dusted. They cannot be washed.

Kitchen

- [ ] Cupboards and drawers cleaned on the outside, and inside once emptied. Worktops, splashback, sink and taps cleaned, descaled where needed.
- [ ] Oven and hob cleaned inside and out, including trays, racks and visible edges.
- [ ] Extractor hood wiped, and the filter cleaned if it can be removed without tools.
- [ ] Fridge cleaned on the outside. Fridge and freezer cleaned inside by agreement, once emptied and defrosted.
- [ ] The dishwasher's visible edges and filter cleaned where accessible.
- [ ] A freestanding cooker, oven and fridge pulled forward, and cleaned behind and underneath where it can be done safely and without risk of damage.

Bathroom and toilet

- [ ] Toilet, basin, taps and mirrors cleaned, descaled where needed.
- [ ] Shower area or bath: tiles, grout, shower screen and fittings descaled and cleaned.
- [ ] Cabinets and shelves wiped on the outside, and inside once emptied.
- [ ] Drains and grates cleaned where it can be done without dismantling.

Windows

- [ ] Inside window cleaning of the glass, plus wiping of frames and rebates where reachable.
- [ ] Work at height is only carried out with safe access. We do not lean out over railings or balcony edges.

Ceilings

- [ ] Visible dust and cobwebs removed from ceilings, corners and around light fittings and ventilation grilles.
- [ ] Troldtekt and other wood wool ceilings cannot be washed. The panels are porous and tolerate neither water nor a cloth. They are vacuumed gently with a soft brush.
- [ ] Marks, discolouration and greasy dust on wood wool ceilings cannot be removed by any method. This is not covered by the cleaning, and we document it with photos before we begin.

Stairs, hallway and shared areas

- [ ] Stairs, landings and hallways are cleaned only to the extent that they belong to the home. This is agreed in writing beforehand.
- [ ] Shared stairwells, shared entrances and other communal areas are not included.

Add-ons by agreement

- [ ] Outside windows, where it is safe and accessible, typically up to the first floor. Above the first floor by agreement only.
- [ ] We empty the cupboards, wipe them inside and put everything back.
- [ ] Carpet and upholstery cleaning.
- [ ] Basement, loft, storage room, shed or carport.
- [ ] Terrace and garden furniture.

Limitations and prerequisites

- [ ] We clean accessible areas and do not dismantle fixed installations. Built-in appliances and very heavy items are moved only by agreement.
- [ ] Excessive dirt, heavy limescale, mould, pests, soot or unusual smells require an assessment and may require extra services.
- [ ] If something cannot be cleaned because of wear, damage or permanent discolouration, we note it and document it with photos.
- [ ] Disposal of waste and belongings is not included unless agreed.

When we finish

- [ ] We always finish with a visible quality walkthrough of the whole home.
- [ ] We take before and after photos, so both sides have documentation.
- [ ] If there is anything you are not happy with, just say so straight away and we put it right.

> Danish tax deduction: cleaning in your own home is often partly deductible through the servicefradrag when you pay digitally. It covers the labour, not materials. See the current rates and rules at skat.dk.

Why IT IS DONE: a local team of two, the same faces every time, and photos as documentation when you are not there yourself.
